

Aloha friends of Curtis Kono,

The Kono family, along with friends and colleagues of Curtis, are planning a fundraising event for Kapiolani Children's Hospital—cancer unit. During Curtis's two-year battle with cancer, he spent many nights thinking about how this disease impacted children. He shared with us he how he did not want to see children suffer the pain of cancer and he then contacted the foundation to provide an impactful donation to help children. We hope that you will join his effort to help children through their battle with cancer by donating through this **Curtis's Memorial "Nine & Wine"** golf tournament and silent auction. Together we can help Curtis realize his goal.
