Aloha Friends,

Once again, we are soliciting sponsorship for our Annual Golf Tournament. As in years' past, we will use this event as our primary vehicle for generating revenue to support our various activities. This year's golf tournament will be held on August 22, 2025 at the at the Pearl at Kalauao.

The Hawaii Golf Course Superintendents' Association (HGCSA) is a non-profit organization representing Hawaii's golf course superintendents. We are a member of the national organization of the Golf Course Superintendents Association of America (GCSAA) and have a delegate who attends the national meetings to represent our interests. Our organization supports the local sub-chapters and invites delegates from each island to serve as a member of the Board. The Board meets periodically to discuss matters which help to establish the direction for the state organization.

HGCSA will continue to use some of the proceeds to help fund educational programs aimed at providing support to the island sub-chapters, as well as supporting the annual seminar which is tied into this event. We feel that providing this type of support for our members is extremely important, to ensure that Hawaii's superintendents are provided with the educational support they require. So, again this year the Association will plan, conduct, and fund the annual educational seminar as GCSAA no longer provide this service to the Chapters. We will ensure that these seminars are conducted by some of the most respected educators in the industry and help to keep our superintendents current on the latest information on golf course maintenance practices and technologies.

Here are some specific benefits that your company will receive from sponsoring the HGCSA seminar and golf tournament:

- You will be able to reach a captive audience of golf course superintendents who are interested in your products or services.
- You will be able to demonstrate your commitment to the golf course management industry in Hawaii and your support for the HGCSA.
- You will be able to build relationships with golf course superintendents who can influence the purchasing decisions of their courses.
- You will be able to get your company's name and logo in front of a large audience of potential customers.
- You will be able to generate positive publicity for your company.
- And it will be **FUN!!!**
